

# Public Service RECOGNITION WEEK

MAY 1-7, 2022

PSRW.org  
#PSRW

Please join us during **Public Service Recognition Week 2022** to celebrate our nation's civil servants and all they do on our behalf. Government workers at all levels, including the more than 2 million career federal employees living in communities across the nation, strive every day to make this nation stronger, safer, healthier and more prosperous.

Working behind the scenes in federal, state, local and tribal governments, public servants represent what makes this country remarkable through their dedication to community, their spirit of ingenuity and their commitment to getting the job done, often under the most challenging circumstances.

Whether advancing scientific understanding, helping recover from disasters, keeping our communities safe, caring for the most vulnerable, educating our children, protecting our borders, addressing economic inequities, navigating diplomatic crises around the world, preserving natural treasures or defending cyberspace, civil servants are on the front lines.

When we celebrate public servants and lift up their stories, we help a new generation see the countless ways they can serve their nation.

During this year's Public Service Recognition Week, take a moment to appreciate and tell the stories of these unsung heroes and their contributions to our great nation.
